NewLife Radio Welcomes a New Executive Ministry Assistant!

Lindsey Henderson joined **NewLife Radio** in April 2023 as the Executive Ministry Assistant. After searching for some time, God began to move circumstances around and Lindsey applied for the job. She was seen as the perfect fit.

Before coming to **NewLife Radio**, Lindsey worked several years in warehouse and logistics. Because of her strong work ethic, she was promoted to a supervisor in a short time. The supervisory skills she learned, she now applies at **NewLife Radio**.

Lindsey enjoys getting to know and help people. Prior to her coming to **NewLife Radio**,

she helped feed the homeless in Atlanta through the "street" ministry of her church. In August of 2017, she went on a mission trip to Ireland where she was able to minister to women who were being reached through Teen Challenge of Ireland.

The following year Lindsey's church opened "Hope Farms," a Christian-based recovery center for women struggling with life controlling issues. Here she was able to mentor and encourage women with their new life with Jesus Christ.

During our recent Spring Sharathon, Lindsey met many of our phone volunteers.

Lindsey says, "It is a privilege to be able to wake up every day and have the opportunity to serve the Lord full-time while assisting my fellow workers. I enjoy praying for the needs of listeners and just being a help in this great ministry." Lindsey considers working for **NewLife Radio** to be a great blessing. Welcome Lindsey to the **NewLife Radio** family!

Jonesboro; Brady Howard (July 17), senior pastor of Glen Haven Baptist; and Rev. Jason Dees (July 17-20), senior pastor of Christ Covenant Buckhead. The NewLife Radio App

By Jeff Hall

The miles that pass before my windshield
Are regularly blessed by Him,
As I bow my head before cranking up
Then eagerly tune **NewLife FM**.

No matter what mood the trip begins with
The programming seems to fit,
If I'm smiling at the Gaither's humor
Or enjoying Odyssey's young wit.

Whether Evans's cadence propels me
Or Jeremiah's measured words weigh,
I always used to get a little anxious
When the treasured signal began to fade.

Then Griffin could seem so far away
Other stations could merely fit in
It wasn't so much that they were lacking,
I just missed my Ninety Point Seven Friends.

Until **NewLife** took care of me again
With the marvel of an app marked "Get,"
Bluetooth took the place of fading
And the presence of my favorites was set.

Now there's no interrupting the blessings
David and Damaris's Southern lilt is clear,
If I'm traveling far away Sunday morning
Joe Emert inspires with aural souvenirs.

But nothing says, "You're safe 'n home again"
Like a key in the back-door lock spins
And a seat just between good speakers
With **NewLife's** sweet presence heard again.

A NEWSLETTER SERIES

I first met Pawa Warena on my initial trip to Papua New Guinea (PNG) in 2001. I had been asked to visit that South Pacific Island country to explore the possibility of submitting a governmental license to construct that country's first nationwide Christian broadcasting network. An exploratory committee had already been established in the country. Almost all of the committee members were exclusively Papua New Guineans. And, as an expression of their strong faith, they had already quietly started the process of raising funds for such a project!

Pawa was a man of strong Christian character and solid faith. He was a born leader and had been raised in the Highlands of PNG where he lived on a mission station operated by Evangelical Bible Missions. As a child he assisted the missionary and his teacher, Miss Lenita Bustin, with many daily duties. Pawa grew, thrived, learned exceptional English, attended Nurses Training, and became a licensed nurse. As he matured in his faith and work, he was asked to become the country's official health department's liaison to public and private hospitals and health clinics across the nation of 5 million people.

But, Pawa had a vision! He was "sold-out" to his vision of seeing Christian radio used across his country to bring spiritual health to his people. Soon after "Wantok Radio Light" was launched in 2002, he began broadcasting to the nation. Pawa sensed God's leading to resign his very good and secure government job and accept the position of Managing Director of **Wantok Radio Light**. His years of management, planning, working on budgets, and organizing complex events equipped Pawa in a wonderful way.

As part of his continuing education and "baptism" into Christian radio, Pawa visited the United States to tour several Christian stations and networks. The trip, largely funded by **NewLife Radio**, made it possible for Pawa and his team to connect with numerous resource centers to assist the fledgling radio network back home. We rented a van and hit the road, visiting Christian radio stations and ministries in Georgia, Pennsylvania, Ohio, Indiana, and Illinois. Pawa then returned to Papua New Guinea invigorated and energized!

Under his leadership the **Wantok Radio Light** ministry of grew. Starting with a single FM radio station located in the capitol city of Port Moresby, the ministry soon added a short wave station covering the entire country. Additional FM radio stations were added over the years. Now, under the capable leadership of others and an active board of directors, the PNG Christian Broadcasting Network has grown to more than 26 FM stations. It is truly a miracle story of God's grace giving birth to a valuable ministry. It has brought spiritual healing and health to thousands of radio listeners.

At **NewLife Radio**, we thank God for the exemplary life of faith and vision of Pawa Warena. Now present with the Lord, he is among that "great cloud of witnesses" cheering us on to accomplish great exploits for Christ and to run with perseverance the race marked out for us! Truly, may Pawa's tribe increase in the Kingdom of God.
